Figma, Adobe Photoshop

UX & Design Skills

Design Thinking, UX Research, Wireframing, Low-Fidelity and High-Fidelity Prototyping, UX Process (Empathize, Define, Ideate), Visual Design, Brand Design, FMCG Product Design, Event Branding, Social Media Design

Programming & AI

Python, Java, C++ (basics), AI Fundamentals

EXPERIENCE

Designer — Sridattam Agarbatti

- Designed FMCG product visuals for the Sridattam Agarbatti brand.
- Created home page covers for the brand.
- Produced social media posts for the brand.

Vice Lead & Lead Designer — NEXUS BNMIT

Jan 2026 – Present

- Serve as Lead Designer (since January 2026) and Vice Lead (since May 2026) for the NEXUS BNMIT club.

Associate Designer — TEDxBNMIT

Nov 2025 – Present

- Design visual assets for TEDxBNMIT events using Figma.
- Help the creative team maintain a cohesive visual identity across social media and event materials.
- Apply UI/UX and graphic design principles in a collaborative workflow covering event branding and visual communication.

Creator & Designer — Mosaic Gen

(Instagram Design Brand)
Mar 2025 – Present

- Created and curate an Instagram-based design brand, producing original visuals across diverse creative styles.
- Build a creative presence that blends technology, design, and storytelling for an engaged audience.

PROJECTS

DERIVA

UI/UX Design • Interaction Design • Gamification • Interactive Prototype

- Gamified calculus learning experience where mathematical concepts become realms, quests, and challenges.
- Designed a game-inspired UI combining fantasy landscapes, ancient architecture, mathematical symbols, and character-led storytelling.
- Mapped the learner journey from exploration to discovery: mathematical realms, concept-based quests, visual proofs, and a Vault of collected formulas.
- Connected the screens into an interactive prototype covering the complete journey.

Kpopify – Emotion Based Music UI

UI/UX Concept • Interaction Design • Branding

- Mood-driven UI/UX concept for a music app focused entirely on Korean music, designed to feel immersive and visually expressive.
- Studied user behavior and music interaction patterns to design an experience beyond static UI.
- Designed cinematic transitions between screens.
- Explored how branding changes user perception of a music platform.
